

Dear Customer,

Congratulations and thank you for your purchase of premium stone tile. Truly, no one can deny the beauty of natural stone. While typically more expensive than porcelain or ceramic tile, natural stone tile is an investment that adds value to your home.

Here at Garden State Tile, we want you to enjoy your new natural stone tile for years to come. That's why we recommend **Fila Cleaner** for regular routine cleaning. **Fila Cleaner** is a gentle cleaner that is ideal for pre-treated and sensitive surfaces and is recommended for natural stone tile.

To protect your newly purchased natural stone tile from stains and keep it looking beautiful, we recommend sealing it with **Fila MP/90**. Sealing your tile with **Fila MP/90** creates an invisible barrier that resists stains and moisture and is safe to use on food prep areas. **Fila MP/90** does not alter the natural color of the stone.

Fila products are developed to be effective while protecting the Earth, "the most delicate of surfaces."

For more information about these Fila products or any other tile care products, please contact any Garden State Tile branch or go to our website at www.GSTile.com.

Fila MP/90
\$27.10 (250 ML)

Fila Cleaner
\$12.95 (1L)

The information above reflects our latest technical know-how and is the result of ongoing laboratory research and testing. However, some factors are beyond our control. It is essential to integrate our suggestions with your own on-site preliminary spot tests and checks. Fila and Garden State Tile always guarantees the quality of its products but does not accept any responsibility for their improper use.
