Recommended Use

Sideview Glass tile can be used for interior walls in wet or dry applications.

Our Warranty

Crossville Inc. guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1- 2008 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.

Care and Maintenance

Regular cleaning is the best way to keep Sideview Glass tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Information listed here is subject to change. Please refer to CrossvilleInc.com for the latest, most accurate information.

Sideview Glass

Design Solutions™

Prepare to be dazzled...

Sideview Glass is a collection of multi-beveled glass tile that sparkles with unabashed opulence. A decidedly modern take on art deco's daring style, Sideview's look is as well suited for a Manhattan hotel lobby as it is a posh powder room in a private home. It's the ultimate accessory for any space needing a dash of glam.

This get-noticed line comes in four metallic colors—tungsten, silver, gold and copper, available in both polished and matte finishes. Go for full-scale sophistication with Sideview's mesh mounted 3 x 3 tiles or get a hint of glitz with accent mosaics or liner options. The lavish beveling adds dazzling dimension to each color and size.

Sideview is recommended for interior walls or covered exterior wall applications in commercial and residential settings—anywhere your design needs a touch of shimmer or shine.
