Inspired by a beautiful region in the tranquil Tennessee countryside where picturesque, clear lakes reflect the high hills and abundant colors that surround them. The UPLAND collection masterfully mimics this rippled reflection, featuring an artisanal watercolor ceramic technique crafted into glossy wall tiles. The palette ranges through the four seasons while variations in surface depth create a sense of movement and softness. The handmade aesthetic brings a sense of natural design while adding a splash of modern charisma—helping you reflect your own individual style.
