Together We Can Design For Life

BEACON

Beacon

The Beacon Collection serves as a beacon to anyone searching for fresh design and innovative looks. From its precariously picturesque position on rocky cliffs that jut into the ocean, the beacon offers a unique vantage point of the shoreline, and the beautiful effects the shifting weather has upon the sea and sand.

Expanding upon the collection color palette, these 2 x 10 glossy wall tiles add character to any space. Flat and relief pieces, known as stairs after the steps leading to the top of the lighthouse tower, are ready to elevate any design.
