CHIANTI

Chianti

Tuscany is a highly admired region worldwide, renowned for its rustic and elegant architecture, with ancient houses scattered on the hills that seamlessly blend into the landscape, evoking an almost timeless atmosphere. The Chianti collection aims to pay homage to an iconic element of Tuscan architecture and design, seamlessly integrating with the ambiance of the Chianti region.

The collection is available in the 12.5x25 cm / 5"x10" format in five strongly stonewashed nuances. This color variation includes shades of beige, brown, gray, and pink, among other earthy tones, contributing to creating a more dynamic appearance. They incorporate speckles, spots, and small surface imperfections that add a touch of authenticity and rusticity to the overall look. These features contribute to giving the floors a lived-in and natural appearance.

Thanks to their distinctive aesthetics, the four shades of Chianti are suitable for a variety of design styles, including rustic, traditional, and even modern. They can be used in indoor spaces such as kitchens, dining rooms, living rooms, and also in outdoor areas like patios and courtyards.
