INSTALLATION ADVICE - BELGICA DUE WHITE: AS SHOWN IN THE PICTURE IN OUR CATALOGUE, IN ORDER TO ACHIEVE THE BEST AESTHETIC AND TECHNICAL EFFECTS DURING THE INSTALLATION, WE RECOMMEND THE USE OF WHITE AND/OR LIGHT GREY GROUTS, EVEN IN THE BLACK AND WHITE CHECKERBOARD COMBINATION WITH BELGICA DUE BLACK.

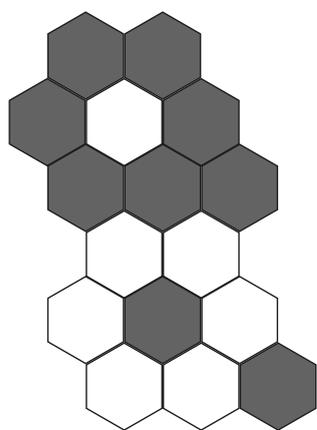

WE STRONGLY DISCOURAGE THE USE OF DARK GREY, ANTHRACITE AND BLACK GROUTS: THESE GROUTS CONTAIN PIGMENTS AND ADDITIVES WHOSE RESIDUES, IF NOT IMMEDIATELY REMOVED, WOULD MAKE THE CLEANING PROCESS MORE DIFFICULT, WOULD REQUIRE LONG CLEANING TIMES AND AGGRESSIVE CLEANING AGENTS.

GENERAL INFORMATIONS

- Colored body glazed porcelain tiles and rectified edges. Natural surfaces with 3D Shaped Technology. Rectified edges.
- All sizes are nominal. The conversions into inches are approximate and rounded off.
- The boxes contain the item with different shade variegations. When you lay down the tiles, in order to obtain the best blend of the colours, we advice you to take the tiles alternatively from different boxes and lay down orthogonally one to the other.
- For the rectangular sizes we suggest an installation pattern at a maximum of 1/4 of the entire lenght.
- Rectified edges: when you lay down single and multi sizes it is suggested to use grouts of at least 2 mm.
- We reserve the right to modify and/or remove the sizes, the calibers, the thickness and the graphics anytime, with no obligation of a further notice in writing.
- The shades of the samples are purely representative of the item itself so the shades variation and the surfaces variations cannot constitute the reason for a claim.

SIMBOLOGY

RET Rectified Cut item Item on net Wall tile * On request

To clean the golden parts, use only lukewarm water with a little handwashing detergent or dishwashers or neutral PH detergents free of alcohol and ammonia always diluted in lukewarm water.

Tile with glued torello (on request only). For external use it's necessary to adopt all precautions for a perfect tile according to usage and regulations in force.

SHADE VARIATION

V1 Uniform appearance V2 Slight variation V3 Moderate variation V4 Substantial variation

TECHNICAL CHARACTERISTICS

	Thickness	Shade variation	Product Moulding	Water absorption	Modulus of rupture	Hardness of the syrface	Resistance to thermal shock	Crazing resistance	Electrical Conductivity	Emission Lead Cadmium	Chemical resistance	Resistance to surface abrasion	Frost resistance	Dynamic coefficient of friction	Slip resistance
