

GARDEN STATE TILE

Together We Can Design For Life

# LONGARINE BRIO

# A shape, infinite possibilities.

Longarine Brio is a new collection by Garden State Tile: an elegant container for the collections in the 3"x24" format, the unique rectangular shape that offers special stylistic richness. The shape and proportions of the 3"x24" format are the key to a lively versatility of combinations and ensure ideal solutions for both floor and wall installations.

# PLANT-INSPIRED COLORS BORN FROM ARTISINAL MASTERY

Longarine Brio celebrates the ancient artisan workshops that skillfully enriched cement paste with finely ground natural pigments. Garden State Tile's technology brings to the surface of Longarine Brio a delicate chiaroscuro of great depth. Nature inspires the 9 colors of the collection: the gray of birch bark, the black of blackberries, the blue of juniper berries, the deep green of myrtle leaves, the verdigris of agave, the delicate white of camellias, the cyan shades of cornflower, and the soft variations of pimento and oats.

# LONGARINE Brio

**SIZE: 7,5x60 cm**

Size: 3"x24"

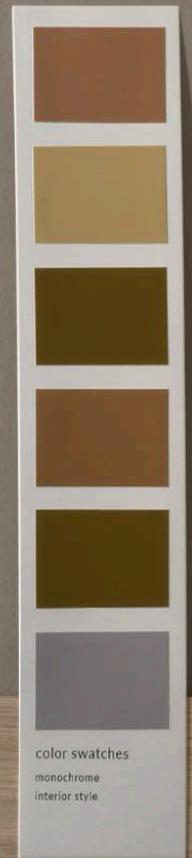

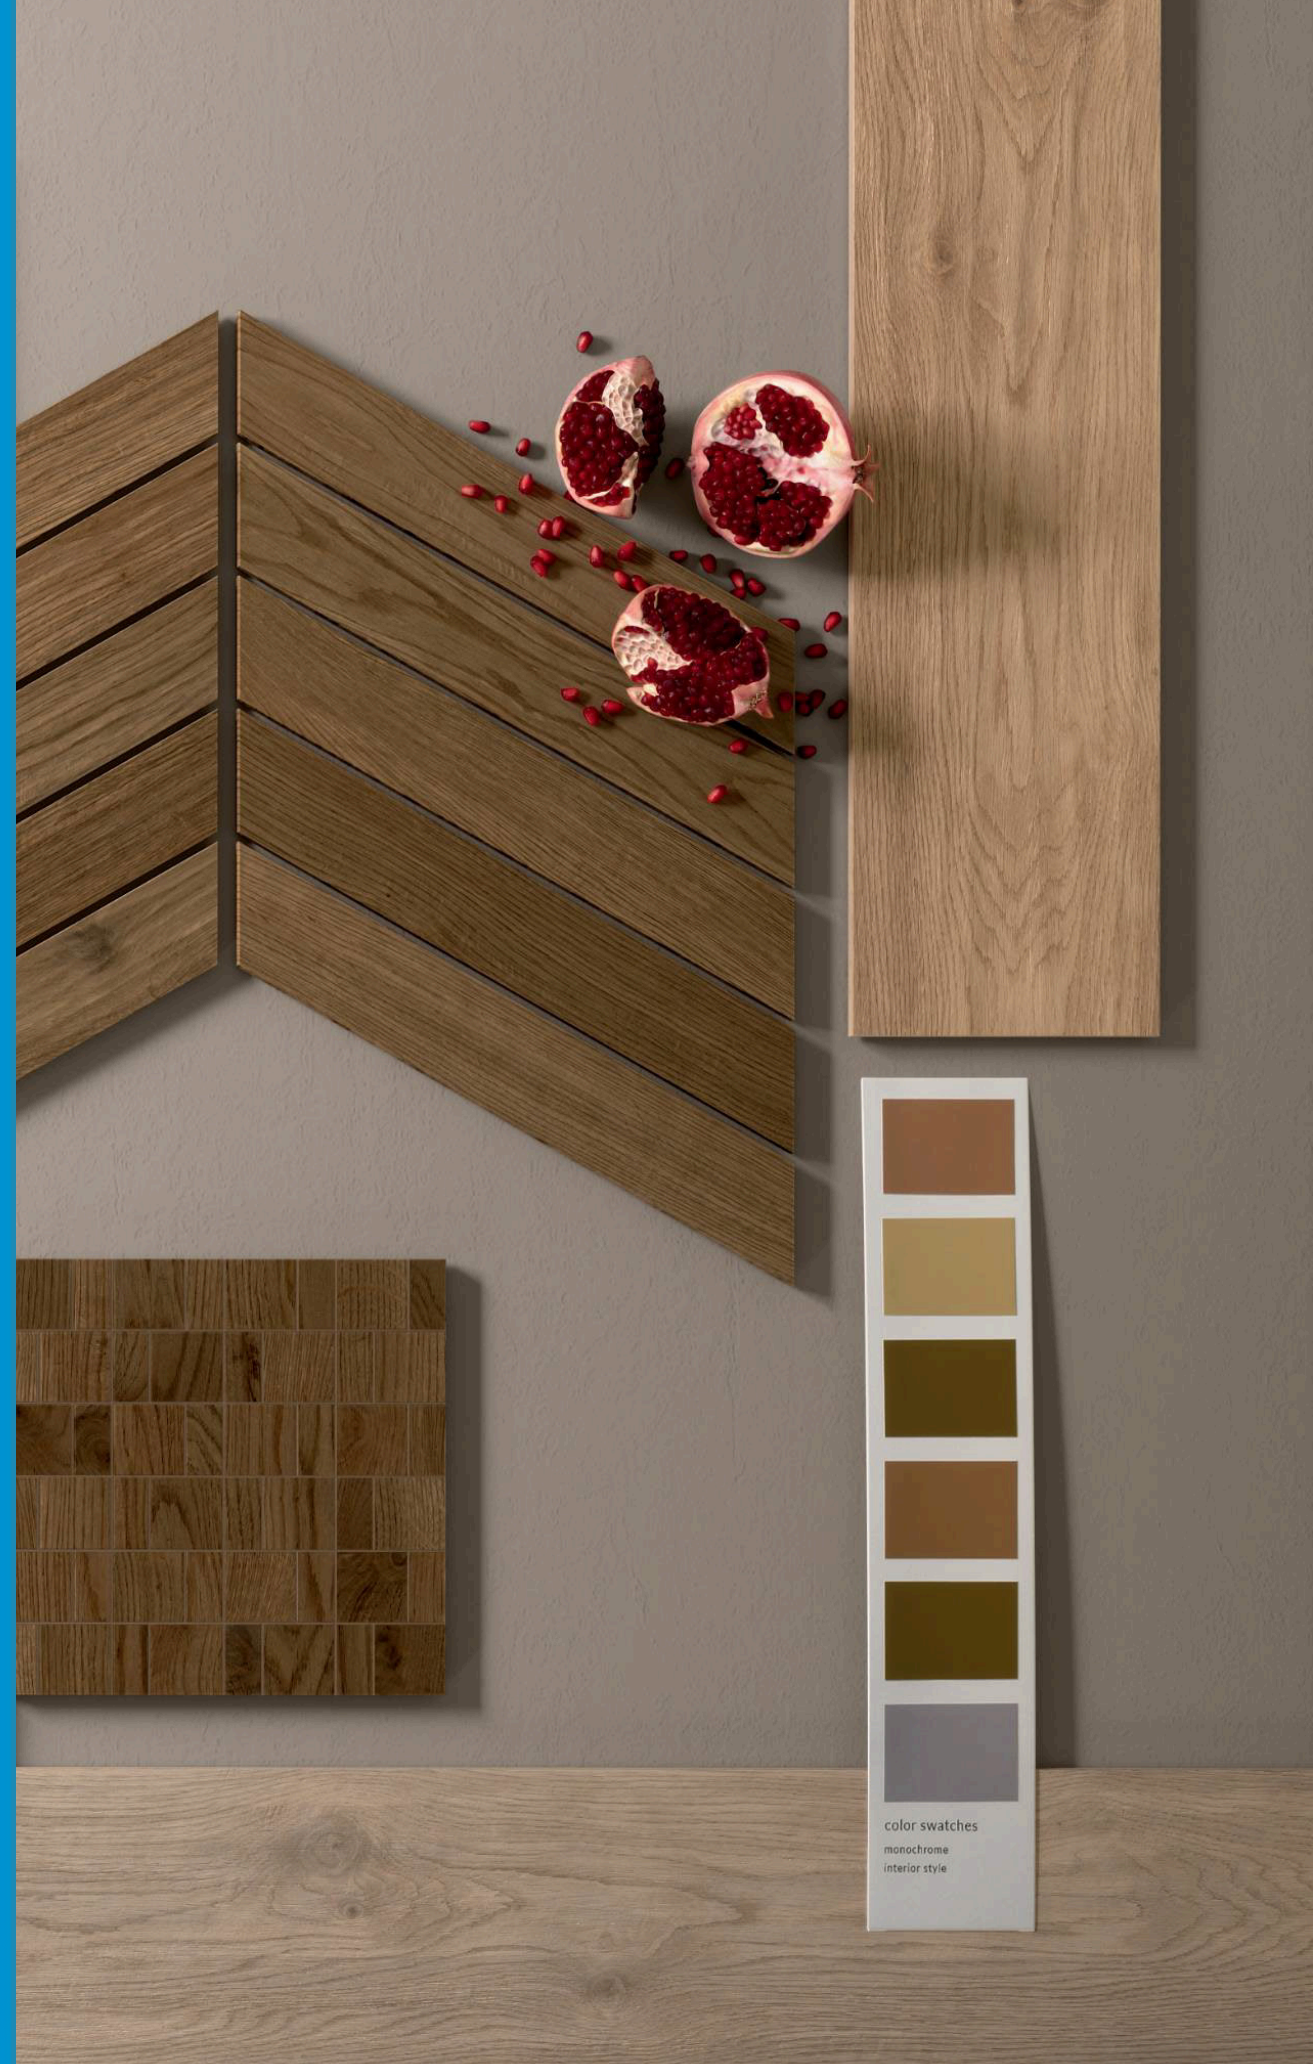

**THICKNESS: 8,5 mm**

**SURFACE: MATTE**

**ASPECT: COLOR**

**COLORS:** Longarine Brio Mora, Longarine Brio Betulla, Longarine Brio Camelia, Longarine Brio Avena, Longarine Brio Agave, Longarine Brio Fiordaliso, Longarine Brio Pimento, Longarine Brio Mirto, Longarine Brio Ginepro

FURNISHING **Arkigeo Luce** 120x278 cm rett. - 48"x110" rect. - **Scultorea Calacatta Oro Fino Reflex** 120x278 cm rett. - 48"x110" rect.  
FLOOR **Longarine Brio Pimento** 7.5x60 cm - 3"x24"

## Easy-to-care-for surfaces with essential technical performance.

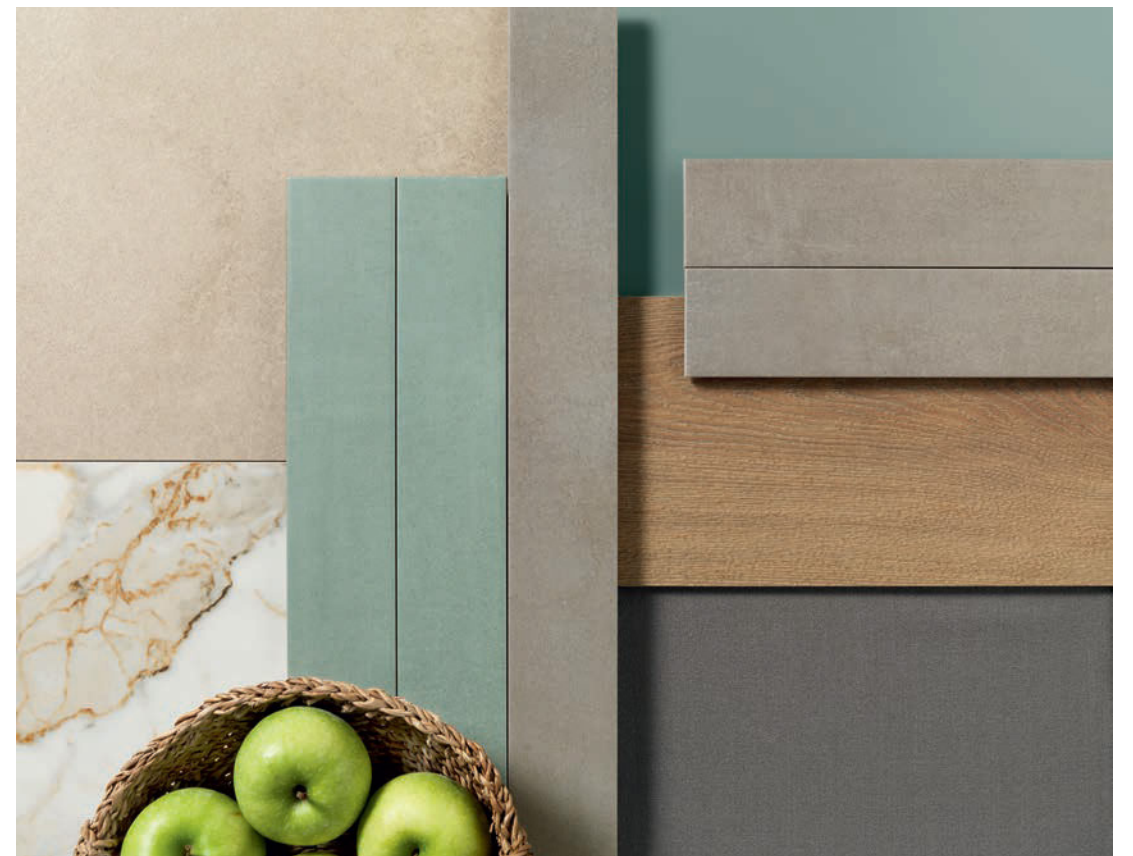

The surface of Longarine Brio facilitates maintenance and makes the collection an ideal option for those seeking easy-to-care-for surfaces while still possessing the essential technical performance for floor installation.

FLOOR Longarine Brio Pimento 7.5x60 cm - 3"x24"

WALL Longarine Brio Agave 7.5x60 cm - 3"x24"

WALL Longarine Brio Avena 7.5x60 cm - 3"x24" - Arkigeo Carved Cenere 60x120 cm rett. - 24"x48" rect.  
FLOOR Longarine Brio Mora 7.5x60 cm - 3"x24"

## Creativity and imagination for personalized installations.

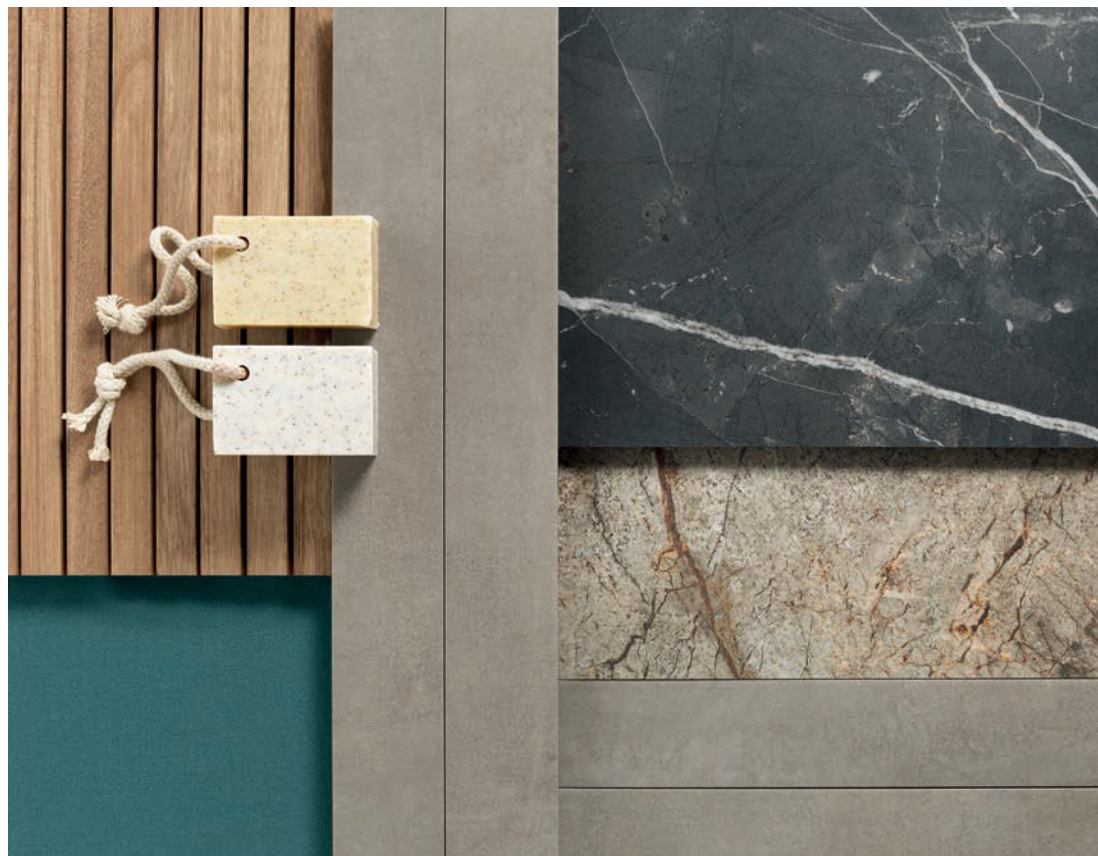

The dimensions of the brick provide a wide range of laying patterns, offering the possibility to customize any environment. It is possible to create different designs with vertical, horizontal, or staggered orientations, as well as original patterns like the chevron layout. The laying patterns can be further personalized with contrasting grout, highlighting the design, or with a uniform and regular effect.

Multiforme Acquario 60x120 cm rett. - 24"x48" rect.  
FLOOR Longarine Brio Betulla 7.5x60 cm - 3"x24"

## The chromatic balance of the fascinating powdered pigments.

The color palette is composed according to a harmonious balance and a sophisticated union of pigments: even in lighter shades, the color retains its animated saturation. The colors, which seem to be born from the meticulous precision of artisanal grinding, imbue the delicate chiaroscuro of the surfaces with material depth. The inspiration arises from the evocation of powders obtained from natural elements, carefully mixed and shaped into tight, long molds, just like the proportions of the building elements known as "longarine".

FLOOR Longarine Brio Betulla 7.5x60 cm - 3"x24"

**Arkistyle Fossil** 120x278 cm rett. - 48"x110" rect. - **Multiforme Calce** 120x278 cm rett. - 48"x110" rect.  
FLOOR **Longarine Brio Avena** 7.5x60 cm - 3"x24" - **Elisir Touch Malto** 7.5x60 cm - 3"x24"

The colored brick transforms into an authentic and refined decorative element when combined with materials such as marble, stone, or wood. The careful choice of format and color range paves the way for the most original creative mixes: Longarine Brio blends with various effects, from cement textures to solid colors, from wainscoting to wallpaper. The surprising versatility of the format translates into a wide range of combinations, able to satisfy various tastes and styles.

# GOOD OPTIONS: CREATIVITY AND STYLE

The style office of Garden State Tile has devised three grout options to best express the style and creative vision of different projects: tone-on-tone grout, which creates a harmonious and discreet atmosphere, contrasting grout, which adds vibrancy and dynamism to the composition, and "design" grout, to experiment with unexpected colors.

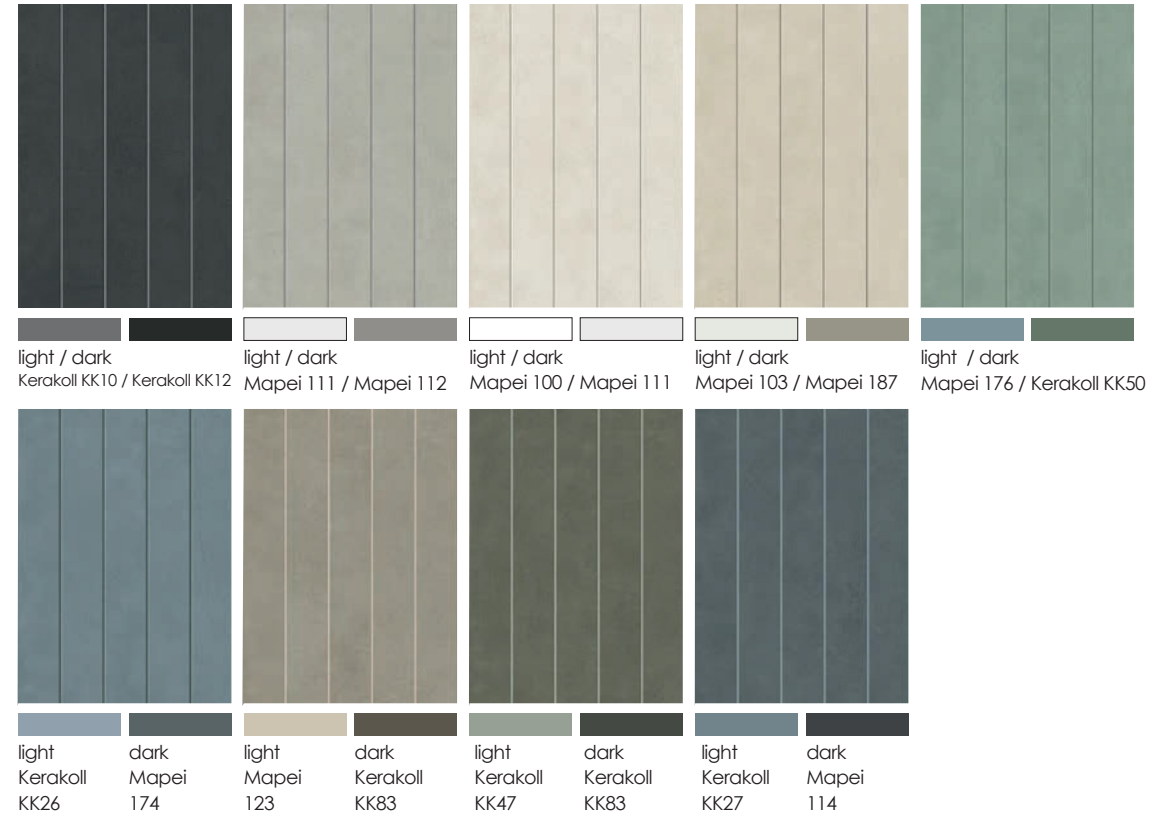

## Color-matched grout

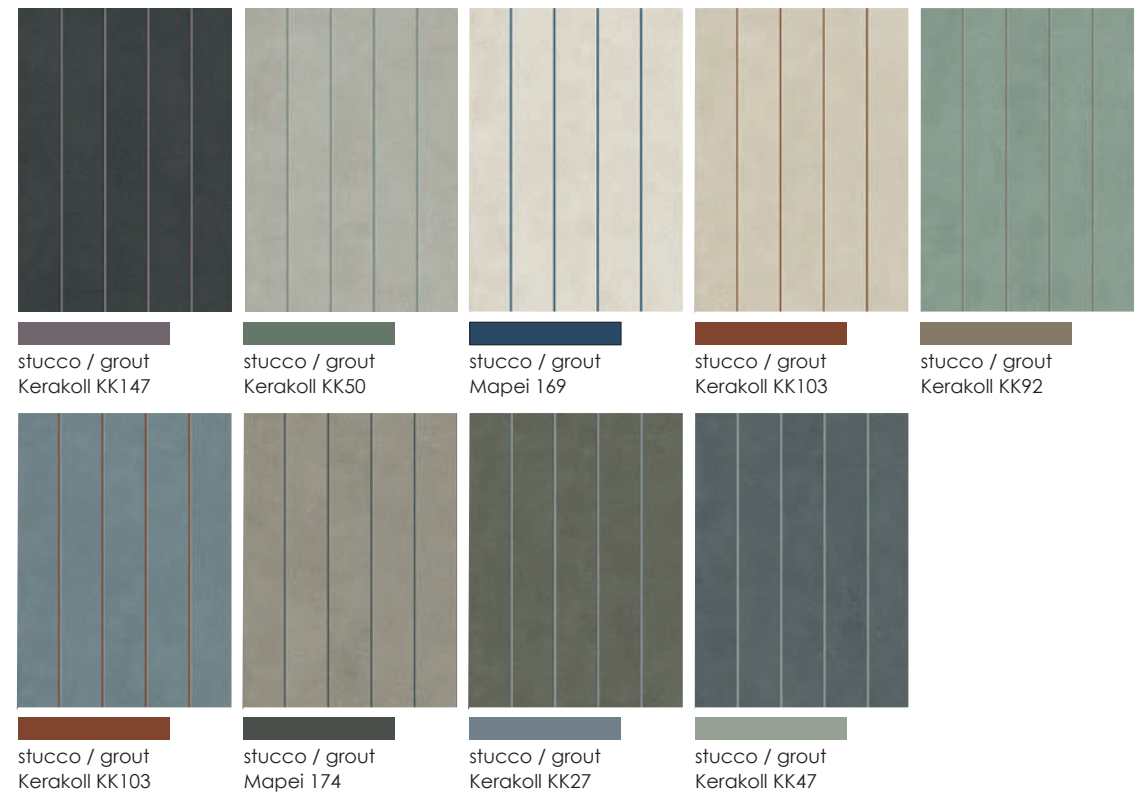

This is a proposal from the Garden State Tile style office. The choice of grout is discretionary based on taste and the space or design project.

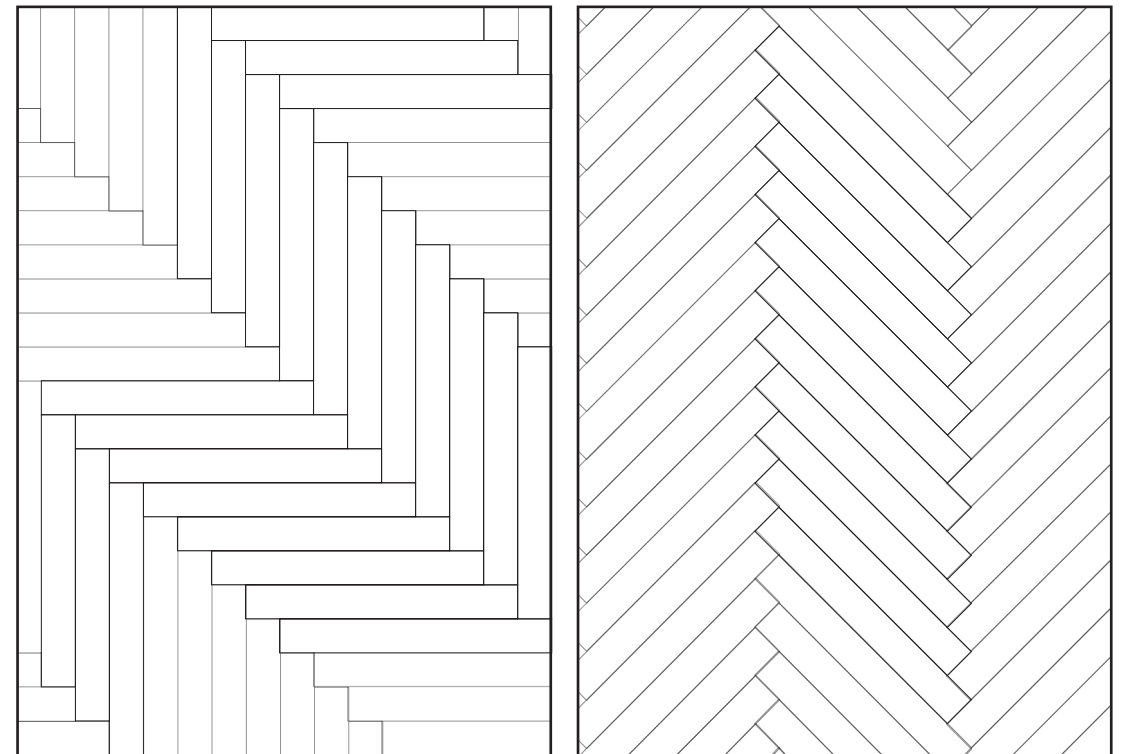

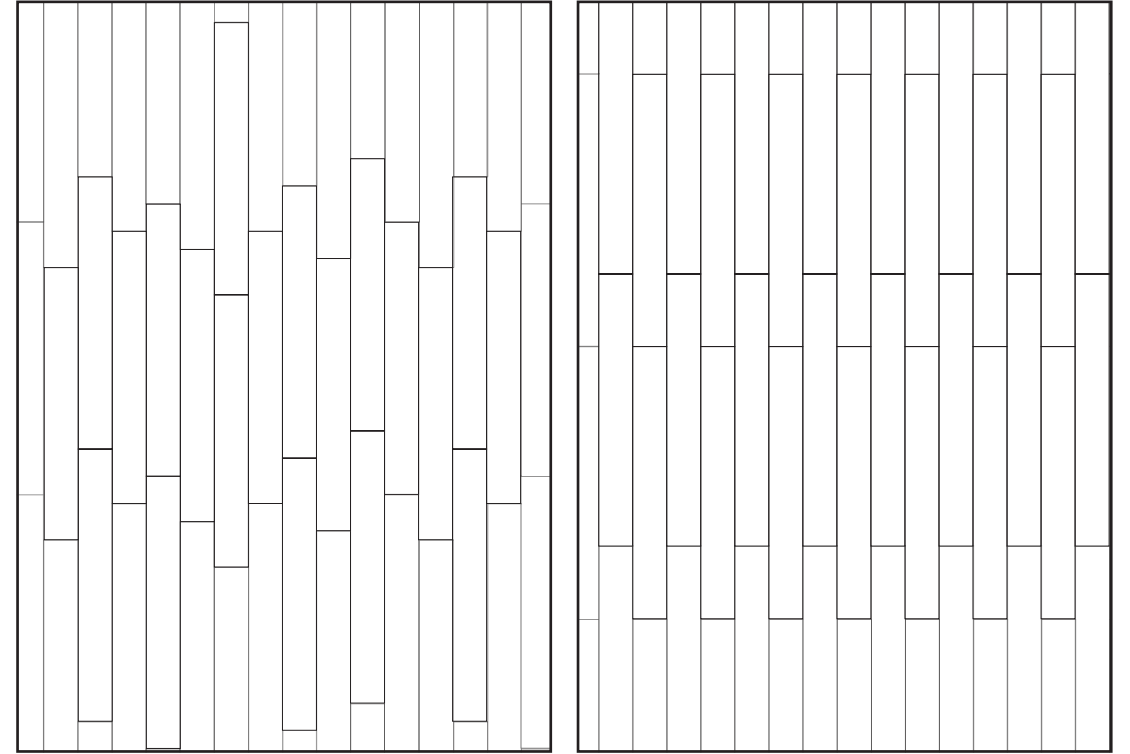

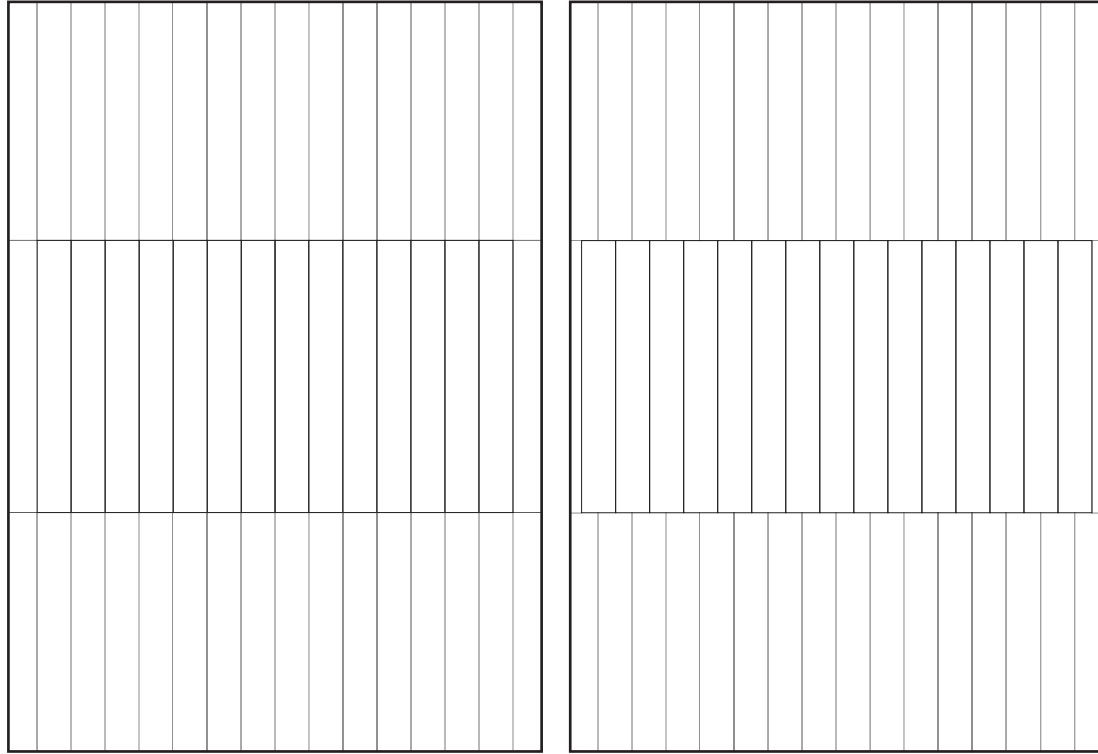

## Contrasting grout

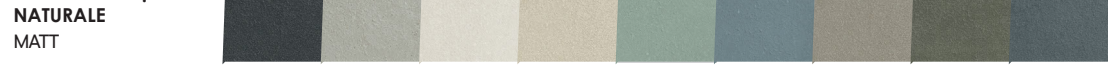

## Stucco decorativo - Decorative grout

For oblong tiles with L ≥ 60 cm and ratio length/width L/W ≥ 3, measurement of rectangularity only on short edges. \*\* R / Rectified - NR / Not Rectified

The usage instructions, even where presented by the Seller in catalogs and manuals, are merely indicative. Based on the technical characteristics indicated on the Technical Data Sheet, it is always up to the project designer to decide whether the Product is suitable for the specific conditions of use, depending on the stress it is to be subjected to and the variables in the setting that may alter its characteristics.

Garden State Tile reserves the right to modify the above specifications at any time without notice.

## GREEN CERTIFICATES

### Our assumption of responsibility

We strive every day for a business model that respects ethical values and ensures harmony between man and nature. The set of certifications obtained represents an important confirmation of investment in cutting-edge technologies and attention to environmental protection with special attention to the management of certain specific aspects related to the manufacturing industry.

ISO 14001 and ISO 45001 - certified corporate management system for health, safety and environment.

ISO 14021 and GREEN GUARD guarantee the compliance of our ceramics with Green Building protocols.

ISO 9001 - corporate quality management model to provide better products from a production, process and safety perspective.

ISO 17889-1 - following a life cycle analysis approach, qualifies files in terms of sustainability, from environmental and economic to social aspects.

**LEED**

LEED members of the U.S. Green Building Council, the organisation that developed LEED V4.1, the system for analysing the environmental sustainability of a building

**Declare. WELL**

DECLARE and WELL - attest to the comfort within living spaces and the safety of our products.

## EPD PEF FDES

Brand EPD, PEF and FDES for the impact of the product during its entire life cycle.
